Spring/Summer

4206-1 Green Pearl

Originally, the roof tops of our parliament buildings were a shiny copper brown, but as the saying goes, with age comes distinction. The Peace Tower on Parliament Hill was the inspiration for my choice of Green Pearl.

4187-1 Nasca Lines

The colour of Rideau Falls when lit at night and the corn stalks at the Central Experimental Farm were the inspiration for this versatile colour. Nasca Lines is the perfect complement to the rest of my colour selections.

4336-1 Degas

This Purple is a feminine twist on a classic grey. An energetic shade, it is sure to add flare to any living space.

Fall/Winter

1071-4 Adobe

This sharp, fiery shade selection was inspired by the fall leaves in Gatineau Park. Nowhere else in nature can you enjoy such energetic colours.

5135-1 Moon Grey

This stately, luminescent shade of grey was inspired by Rideau Hall, the Governor General’s residence. Like so much of the classic architecture in Ottawa, the colour is reminiscent of our young country’s proud history.

4284-2 Skate

Every Canadian should have the chance to enjoy skating on the Rideau Canal with a loved one. On a moody winter day, lazily gliding down the Rideau Canal, you can see glimpses of this tasteful shade.
